T. Kennard Thomson, Esq., D.Sc.,

59 Church Street, New York.

Dear Dr. Thomson:

Many thanks for Dr. Seaman's pamphlet, which I have read with very much interest and appreciation. I am sure that there must be millions in the United States who agree entirely with Dr. Seaman's point of view. I have of late been saying and will continue to repeat it in many quarters that it is our duty in Canada to try and see the United States through the eyes of these people in the hope that their principles will in the long run conquer and that we may work together in the maintenance of a common civilisation.

Mrs. Falconer and I are hoping to have your daughter in very soon for dinner on some Sunday. We should have had her before this, but the winter has been an extremely busy one and has run by very quickly.

Yours sincerely,

President.

My dear Professor DeLury

Since having had the pleasure of seeing you here I HAVE AGAIN met the Rev. Karl Reiland, of St. Georges Church, and told him that you were considering asking him to address our University.

He said that he would be delighted to go if invited.

I have never heard a man speak from the Pulpit who could equal Mr. Reiland.

Hoping that it will not be long before we have the pleasure of seeing you here again.

Yours sincerely

T. Kennard Thomson
